

SWITCHGEAR PLANTING SPECIFICATIONS

NOTES:

1. Front views have dual doors which pull open.
2. Side views do not have doors, but Palmetto Electric needs access to operate switch handles.
3. Do not install sprinklers systems within watering distance of any electrical equipment.
4. Do not plant shrubbery such as pampas grass, yucca plants, holly or any other pointed plants around this equipment.
5. These minimum planting distances assume plants have reached full maturity.
